Mailed to Residents on the Attached List

Re: Water Main Replacement Project
 Alder Drive/Ben Avon Borough

Dear Resident:

The West View Water Authority will be replacing the water main on Alder Drive. The project should begin on or about May 7, 2018.

As with any construction project there will be certain inconveniences. Authority personnel and our contractor will try to keep them to a minimum and we ask for your cooperation. There will be one (1) to possibly three (3) planned interruptions of your water service as we connect the new water main to our existing facility and when we transfer your service line. These interruptions may last up to eight (8) hours and we will notify you in advance of any planned service interruptions.

All areas disturbed by the Authority or its water line contractor will be restored in accordance with Ben Avon Borough or our requirements. Restoration will take place when practical and as weather permits. The street will be repaved by Ben Avon Borough after our work is complete.

The new water main will be installed adjacent to the existing facility within the existing roadway.

We will try to maintain traffic along this street during the project. However, certain sections of the road may be closed to all traffic during the workday (you will have access to your home if the contractor is not working in front of your property). We will try to keep all interruptions to a minimum and we ask for your patience. During the workday, parking will not be permitted along this street in the "work zone" only from 7:00 am to 5:00 pm. We will post "No Parking" signs in the "work zone" area so that you know where not to park. As the contractor progresses along this street he will move the "No Parking" signs to the new "work zone".

Access to your property will be blocked as we install the new water main in front of your property. If some special medical need requires you to have access to your property, please notify me immediately so we may work out the details.

Our contractor has been instructed to allow deliver of mail and the pickup of refuse on your street during the course of the project.
